

CST - Computer Simulation Technology

2nd Call for Contributions:

1st European USER GROUP MEETING

23-24 September 2004

Darmstadt, Germany

Keynote Speaker: Dr. Peter Thoma

Managing Director R&D

CST – Computer Simulation Technology

invites you to participate in the
1st European User Group Meeting on

23-24 September 2004 in Darmstadt, Germany

The CST user group meeting offers an informal and enlightening environment where RF & microwave design engineers using members of the CST STUDIO family of software packages can exchange ideas and talk with CST staff about future developments.

We are interested in your work with our products CST MICROWAVE STUDIO®, CST DESIGN STUDIO™ & CST EM STUDIO™.

Call for Contributions

If you would like to contribute to this event, to share your experiences, to discuss your questions in a forum of other users and experts, please submit a text abstract between 100 and 200 words. Contributions should include title, name of author, full address details, email and telephone number. Please indicate the topic area and the key aspects of the paper. Authors may be asked to present their paper during a 15 minute talk at the User Group Meeting.

We know that other users will be interested in your work so please indicate if CST is allowed to:

- Distribute the paper to other participants of the User Group Meeting
- Show excerpts of the paper during oral CST presentations
- Present an excerpt of the paper on its homepage

Deadlines:

Receipt of abstract: 31st July 2004

Notification of acceptance: 15th August 2004

Workshop inquiries and abstract submissions to:

CST GmbH

Bad Nauheimer Str. 19

64289 Darmstadt. Germany

Fax: + 49 (0)6151 7303 10
